

Being cool to be kind - lyrics

**When you need peace of mind
I'll give you all my time
Forever being cool to be kind**

**Rolling up, fly in my private jet
Cool as ice, better not forget
Ray bans on this ain't over yet
Lambo rev on your marks get set (go)**

**Showing off style got my swag on too
Game so slick and a new hair do
Give you chills like the icy blue
I'm wicked, I'm epic, I'm sick yeah**

**When you need peace of mind
I'll give you all my time
Forever being cool to be kind**

**I'm winning yep, I'm grinning yep
I'm helping while everybody's sinning**

**I'd catch you falling to the ground
What goes around comes back around
To see the world would be the best
And bungee off Mount Everest**

**I'm winning yep, I'm grinning yep
I'm helping while everybody's sinning**

**I'd catch you falling to the ground
What goes around comes back around
To see the world would be the best
And bungee off Mount Everest**

**When you need peace of mind
I'll give you all my time
Forever being cool to be kind**

**When you need peace of mind
I'll give you all my time
Forever being cool to be kind**
