

DIPPY DINOSAUR

Let's go back in time through history
A hundred fifty million years ago
Excavate an ancient mystery
Dippy, Let's go

Let's explore and walk with dinosaurs
See them rule the land and sky so free
Feel the stomping ground and hear the roars
Dippy, you'll see

They stood where we're standing here
Roaming reptile
So glad I can see you near
Wonder a while

Dippy dinosaur, you've been here before
I think you know the score, you're such a lovely herbivore
Built you bone by bone, we give you a home
You are not alone, Dippy dinosaur

Let's discover the jurassic now
Be Mary Annings of the modern world
Find adventures and we're learning how
Dippy occurred

Dippy dinosaur, you've been here before
I think you know the score, you're such a lovely herbivore
Built you bone by bone, we give you a home
You are not alone, Dippy dinosaur

Stegosaurus, Tyrannosaurus rex
Diplodocus with long and winding necks
*(Looking for clues, uncover the answers
You know you can do it 'cos anything is possible)*

Dippy dinosaur, you've been here before
I think you know the score, you're such a lovely herbivore
Built you bone by bone, we give you a home
You are not alone, Dippy dinosaur

You are not alone, Dippy dinosaur
